ABOUT

Colour-coated & galvalume · roll-formed in Bhilai

Colour-coated and galvalume metal roofing sheets roll-formed on our own line in Bhilai, cut to the exact slope length, in six colours and five thicknesses.

DESCRIPTION

We roll-form profile roofing sheets from colour-coated and galvalume coil at Light Industrial Area, Bhilai. Because the sheet is formed here, it is cut to the slope length you need rather than a stock length, which means fewer joints and less waste.

Thickness	0.30 · 0.35 · 0.40 · 0.45 · 0.50 mm
Width	1050 mm overall, 1000 mm effective cover
Length	Cut to order, 4 ft to 40 ft
Finish	Colour-coated (painted) or plain galvalume
Colours	Brick Red, Blue, Green, Off-White, Grey, Galvalume Silver
Accessories	Ridge, flashing, gutter and self-drilling screws quoted separately

Choosing a thickness

- **0.30–0.35 mm**: temporary sheds and cattle sheds.
- **0.40 mm**: houses, shops and small godowns.
- **0.45 mm**: industrial sheds and warehouses (most common).
- **0.50 mm**: long spans and high-wind sites.

Use the roofing sheet estimator to work out how many sheets a roof needs.
